

About Street Maintenance

Slurry Sealing:

The city contracts to have your street Slurry Sealed. Weather permitting: the contractor will work from 7:00 am to 5:00 pm on the date(s) noted posted. **ON-STREET PARKING WILL BE PROHIBITED DURING THIS TIME.** It will be necessary to tow any vehicles parked on the street at the time of resurfacing. Please park and drive on adjacent streets **not** posted **NO PARKING**.

Your street will be **CLOSED** unless flaggers are present to control traffic. Please avoid driving, bicycle riding, or walking on sealed streets until the new surface dries. Under normal weather conditions your street will be re-opened within 3 to 4 hours after sealing is complete. Only **EMERGENCY VEHICLES** will be allowed through at any time.

We would appreciate you refraining from activity that would allow any water to run into the street on the days of the work (watering lawns, washing cars, etc.).

Unless you are notified otherwise your **GARBAGE SERVICE** will occur on your normal day, we ask that you have all containers out by 6:00 am.

Crack Sealing:

The city contracts to have your street Crack Sealed. Weather permitting; the contractor will work from 7:00 am to 5:00 pm on the date(s) noted below. **ON-STREET PARKING WILL BE PROHIBITED DURING THIS TIME.** It will be necessary to tow any vehicles parked on the street at the time of Crack Sealing. Please park on adjacent streets **not** posted **NO PARKING**.

Access by local traffic will be maintained on the streets; however, due to the nature of the project delays should be expected.

We would appreciate you refraining from activity that would allow **any** water to run into the street on the days of the work (watering lawns, washing cars, etc.).

Unless you are notified otherwise your **GARBAGE SERVICE** will occur on your normal day, we ask that you have all containers out by 6:00 am.

Street Resurfacing:

The city contracts to have your street Resurfaced. Weather permitting; the contractor will work from 7:00 am to 5:00 pm on the date(s) noted below. **ON-STREET PARKING WILL BE PROHIBITED DURING THIS TIME.** It will be necessary to tow any vehicles parked on the street at the time of resurfacing. Please park and drive on adjacent streets **not** posted **NO PARKING**.

Your street will be **CLOSED** unless flaggers are present to control traffic. Please avoid driving, bicycle riding, or walking on newly paved streets until the contractor opens the street up for traffic. Under normal weather conditions your street will be re-opened within 3 to 4 hours. Only **EMERGENCY VEHICLES** will be allowed through at any time.

About Street Maintenance

Published on City of West Linn Oregon Official Website (<http://westlinnoregon.gov>)

We would appreciate you refraining from activity that would allow **any** water to run into the street on the days of the work (watering lawns, washing cars, etc.).

Unless you are notified otherwise your **GARBAGE SERVICE** will occur on your normal day, we ask that you have all containers out by 6:00 am.

Clear Vision and Right-of-Way Requirements:

Community Development code 42.000 does not permit permanent or temporary structures, plants, or obstructions in corner areas:

- To exceed 3 feet in height, measured from top of curb, or where no curb exists, from centerline of street.
- To be within the triangular area formed by the right-of-way property lines along such lots.

Right-of-Way Requirement:

West Linn Code 5.460 to 5.470 designates the responsibility of these issues:

- Trees and their limbs shall not project over the sidewalk area at an elevation of less than 7-1/2 feet above the sidewalk level, 11 feet above street level except for streets designated as arterials shall be pruned to a height of 14 feet.
- To not allow noxious vegetation to grown on public or private property.
- To trim hedges and shrubs to allow a minimum of 3 feet of horizontal clearance between the edge of pavement and the hedges, shrubs or other vegetation.
